So at the end of the year you may have completed more than one sheet, that's fine, all you need to do is go through all your entries and we suggest mark off all your bonus points first, then pick your 10 highest scores not including the bonus points. Remember there are different categories being recognised so if you have gained points across the board in different events you may think that adding your best 10 best dressage scores for instance is better than just your 10 highest as you could have a better chance of maybe winning the dressage award. Below is an example of how you may choose to submit your best scores. **PLEASE NOTE BONUS SCORES ARE ALWAYS ADDED TO YOUR 10 SUBMITTED REGARDLESS.** (In this instance the lines highlighted are the ones that will be used. Green Bonus points and Yellow submitted 10 scores)
